Thursday 3rd September 2026

Presidents Message:

Hello and a very warm welcome to you all.
Well spring has sprung and it is September already, only a few more meetings left for this year.

Several of our members are travelling now and enjoying their adventures, I wish them a safe and happy journey.

Our gourmet club dinner at the Green Peppercorn restaurant was a success with more than 20 members attending.

Our guest speaker this month is Paul Kearney his topic History of Rock and Roll. Following on from his very successful presentation in 2025, Paul is returning for another show. This time he will focus on the hits of the 1960s.

A reminder our outing on Port Hacking with lunch at Pippis is on Friday 11th of September.

Our next meeting is Thursday 3rd September @10am at our home base 5 Sandringham Dr Cecil Hills.

Come and join us for lunch at St Johns Park Bowling Club after the meeting.

Importance Of Comparing Home & Contents Insurance Policies

Why Compare Policies:

- ***Save Money:*** *Insurance companies often raise renewal prices automatically or let initial discounts expire after a year, meaning regular comparison can uncover cheaper rates.*
- ***Bundle and Save:*** *Combining building and contents under one policy can unlock multi-policy discounts with providers lik*
- ***Avoid Underinsurance:*** *Rebuilding costs for materials and labour rise over time, and your household belongings accumulate value; comparing ensures your sum insured matches today's actual replacement costs.*
- ***Check Inclusions & Exclusions:*** *Standard features like flood damage, storm coverage, or accidental extras vary significantly between brands, so reviewing options on platforms like Canstar or Compare the Market helps find a tailored fit.*

Speaking from personal experience I was able to save $400 a month and a lower my excess on my Home & Contents Insurance, it's worth the look around.
